

HD CLEANING GUIDE

SPILL CONTROL AND CLEANUP

SECTION 15.0 <USP 800>

"The entity must establish SOPs for the labeling, handling, packaging and transport of HDs. The SOPs must address prevention of accidental exposures or spills, personnel training on response to exposure and use of a spill kit. Examples of special exposure reducing strategies include small-bore connectors (such as Luer Lock) and syringes, syringe caps, CSTDs, the capping of container ports, sealed impervious plastic bags, impact-resistant and/or water-tight containers and cautionary labeling."

*USP <800> Section 11.0 Spill Control and Cleanup, 14, 15
