

# BARRIER GOWN

815775

## DESCRIPTION

This Barrier Gown is specially designed and tested gown for compliance with the USP <800> recommended procedure for the handling of hazardous drugs. This gown is also suitable for use in critical and low particulate clean environments, exposure to bloodborne pathogens and many hazardous liquids, or where liquid splash is a concern. Features include tested and verified liquid proof taped seams, tunnelized elastic wrists, elastic thumb loop, Velcro neck loop closure and extra long coated waist ties for easy front (or rear) closure.
