

DECON-SPORE 200 PLUS

DS200-06-16Z-01

DESCRIPTION

DECON-SPORE 200 Plus is a EPA registered Peracetic Acid and Hydrogen Peroxide solution that is for use as a sanitizer, disinfectant, virucide, sterilant sporicide, and deodorizer in pharmaceutical, biotechnology, medical device, hospital, and lab animal research industries. It has been shown to be effective in water up to 500 ppm hardness in the presence of 5% serum contamination. DECON-SPORE 200 Plus can be used to disinfect floors, walls, and other hard non-porous surfaces.

FEATURES & BENEFITS

- EPA Registered
- Each sterile container is individually double bagged in easy tear packaging
- Individually labeled with lot number and expiration
- Delivered with lot specific Certificate of Analysis and Certificate of Sterility
- Specifically formulated as a sterile cleanroom formula
- Available in four configurations: concentrate, disinfectant dose, sterilant/sporicidal dose, and 3% disinfectant/sporicidal dose
- Available in multiple container sizes either sterile or non-sterile
- Available in the convenient, one-step, ready-to-use, SimpleMix® System
- Proven disinfectant – virucide that cleans as it disinfects in one operation
- One-step hospital use germicidal disinfectant cleaner and deodorant
- Effective in water up to 500ppm hardness in the presence of 5% serum contamination and dried soap film residue
- Designed for daily use

QUALITY & MANUFACTURING

- Filled in an ISO 5 (Grade A/B, Former Class 100)
- Filtered at 0.2 microns
- Components are air washed with 0.2 micron filtered air before assembly
- Aseptically filled into sterile components via gamma irradiation
- Lot sterility tested according to current USP compendium
- Completely traceable from start to finish
- Completely validated for sterility and shelf life

PACKAGING

12/case, all doubled bagged
