## Pharma-Sat Plus Sterile & Non-Sterile

Pharma-Sat Plus™ wipes are low endotoxin, ISO Class 5, non-woven, and 45% polyester / 55% cellulose blended wipers. Our economical, low-shedding, low-particulate, pre-saturated wipers can be used throughout your cleanroom for cleaning, spill control and the wiping down of products and surfaces, and leaves no residue. Pharma-Sat Plus™ wipers are pre-saturated with 70% Isopropyl Alcohol and 30% USP WFI.

**Where to use:** Pharma-Sat Plus wipers are perfect for utilizing in areas in which wiping with sterile alcohol and a non-shedding wipe is required. Use the Pharma-Sat Plus Wipe in pass through chambers, PECs, LAFW, introducing items into the SCA, and equipment in the pharmacy.
