

CLEANROOM GRADE WIPER ROLL

8-C30LP1T-9-P01

DESCRIPTION

The dependability and versatility of a clean polyester cellulose, non-woven wipe in economical bulk packaging. Our cleanroom rolls are low linting and made to be used with the AG3500 wipe dispenser. The perforation on the wipes makes dispensing the wipes easy for drying hands while maintaining a clean environment. Perforations ensure usability with most appropriately sized dispensers.
